

A Sense of the Cosmos Scientific Knowledge and Spiritual Truth (Paperback)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

A SENSE OF THE COSMOS SCIENTIFIC KNOWLEDGE AND SPIRITUAL TRUTH (PAPERBACK)

Monkfish Book Publishing Company, United States, 2004. Paperback. Book Condition: New. Monkfish.. 216 x 140 mm. Language: English . Brand New Book. With this one compact statement, Jacob Needleman has forced the discussion of both science and religion in our time into a new, more mature and discriminating phase. . . . It is a way station where those who are seriously exploring the transformation of consciousness will have to stop, take thought, and perhaps re-plot their course.-Theodore RoszakI want to strongly recommend it to every reader seriously interested in our present cultural situation.-Fritjof CapraNeedleman is unique; he is really on to something. . . . A fine book-Harvey Cox Western science has operated for centuries on the assumption that we can understand the universe without understanding ourselves. We are just now seeking to make the necessary connection between the general laws of nature to those of our own (inner) nature. But the job won't be done with massive injections of the new consciousness; we cannot democratize the sacred by cheapening its demands. My aim in this book therefore says Needleman, has not been to speak of the convergence of science and spirituality, but of their separation. As in nature itself, organic unity is a reciprocal relationship between separate but interdependent entities. In human life as well, there can be no real unity except through the awareness of real divisions. One may then hope to experience the magic power of sustained awareness by itself to bring the harmony that we have until now fruitlessly attempted to impose on ourselves and on our endangered civilization. Jacob Needleman is a professor of philosophy at San Francisco State University and the author of many books, including *Money and the Meaning of Life*, and *The American Soul*. In addition to his teaching and...
