Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *Indispensable Orthopaedics, Vol. 1: A Handbook of Treatment* The present edition represents the seventh French edition. It follows closely the previous English edition; but it has been carefully revised throughout by M. Calot and contains numerous alterations and emendations. The number of editions through which t book has passed, and the several languages into which it has been translated afford ample proof of its value, not only to the general practitioner, for whom it was primarily intended, but also to many who are specially engaged in the field of Orthopaedics. M. Calot has withdrawn from this edition his detailed account of Abbott s treatment of Scoliosis, which occupied some space in the previous one. It has been replaced by additional articles containing his estimate of the utility of Heliotherapy in the treatment of the external tuberculoses, and his later views on the subject of Coxa Vara in adolescents. The chapter upon the surgical treatment of Infantile Paralysis, which was previously supplied by another hand, he has here dealt with himself. The present edition has been produced entirely in England, which has obviated altogether the many difficulties which were experienced in bringing out its predecessor; whilst an endeavour has been made to render the translation less obviously literal and consequently easier to read. It is hoped, therefore, that it will continue to prove of even greater service to its readers. The translator takes this opportunity of acknowledging his indebtedness to his publishers for their invariable courtesy and consideration during the execution of his task of preparing the volume for publication. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more...
