Don't Eat Any Bugs, United States, 2015. Paperback. Book Condition: New. Revised, Updated. 226 x 144 mm. Language: English . Brand New Book. If you take that Victorian Mad-Scientist Adventurer look (clockwork gears, brassy bits, and even some lacy filigree) and apply that to polymer clay creativity, you've got STEAMPUNKERY ! This book combines sculpting tricks (like making a miniature leather strap complete with wire buckle and tiny little fake stitching) with vintage embellishments (like watch parts), found objects (like old pen nibs), and stuff you've got in your craft stash (like beads and paper scraps). There is a lot to enjoy in this book a hinged heart pendant that opens to reveal its inner workings, cute little steampunk critters (complete with goggles of course) and other fun stuff focal beads, sculptures, wall pieces, even things you can add to costumes, if you're into that sort of thing. Challenging, but not stressful, structured without being confining, it doesn't matter what your skill level is, all the projects are step-by-step with lots of pictures and explanations (and some silliness to keep things interesting). Plus there are lots of hints and creative nudgings to help get your imagination gears turning!.
