Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Holy Macro! Books, United States, 2013. Pamphlet. Book Condition: New. 277 x 213 mm. Language: English . Brand New Book. Pivot tables are a highly useful feature in Excel, the leading desktop spreadsheet program, once the user masters their many abilities of summarization a task made much less daunting with this special tip sheet that offers condensed must-know information on how to work with pivot tables. Ideal for creating one-page summary reports, pivot tables can be used by spreadsheet creators to report on such key data items as the top five customers, top 10 products, annual revenue changes, and many others. The card is helpful to users of either Excel 2010 or 2013, and includes necessary lessons, such as creating the first pivot table, as well as advanced topics that include date rollups, grouping, calculated fields, and basic troubleshooting.
