Memoirs of the Royal Astronomical Society Volume 5 (Paperback)

By Royal Astronomical Society

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1833 Excerpt: .back the positions and distances for the moments when they were actually observed. As the process followed differed in no respect from that detailed at length in the case of γ Virginis, I shall here only set down the results. The periodic time and perihelion passage were in this example, as in the former, ascertained by actual weighing in a balance the elliptic areas corresponding, and the assemblage of results is as follows: 51. Before we compare this orbit with observation, it will be necessary to have before us the complete series of my Father's micrometrical measurements of the angle of position, which, as I have observed, are only partially recorded in his paper On the changes which have happened in the relative On reference to his MSS. I find them to be as O / O / situation of double stars. follow: Nov. 5,...
