Brand New Book ***** Print on Demand *****.Excerpt from The Control of Parenthood No one can be doubtful as to the usefulness of this book. We are living in days when all are confessing the responsibility of Parenthood, but we find it difficult to know our duty because we get such different guidance, and because there seems sometimes to be conflict between that which is true biologically or economically, and that which appeals to us from the religious or social point of view. It is well then that we should have all sides put before us by those who are experts in particular subject, so that for whatever decision we may come to, we may be able to give a reason for the faith that is in us. We are clear upon certain central facts as to marriage and parenthood, which one may attempt to summarize.
